

## How to Add Picasa Web Albums to your Google account.

Go to your Google “My Account” and click “Sign In.” On the “More Google Products” page, do not click on “Blogger.” Instead, scroll down through all of the Products and more products until you find Picasa. Click on “Picasa” and the window below will open.

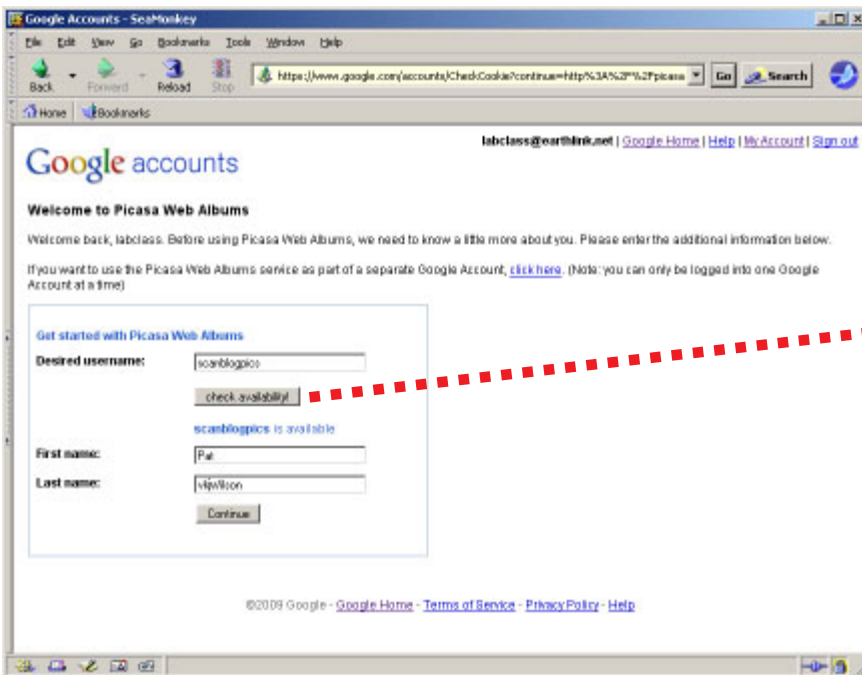

1. Click on  
“Picasa Web Albums”

2. The Picasa Web Albums window will open. It will show the email address that identifies your Google account .

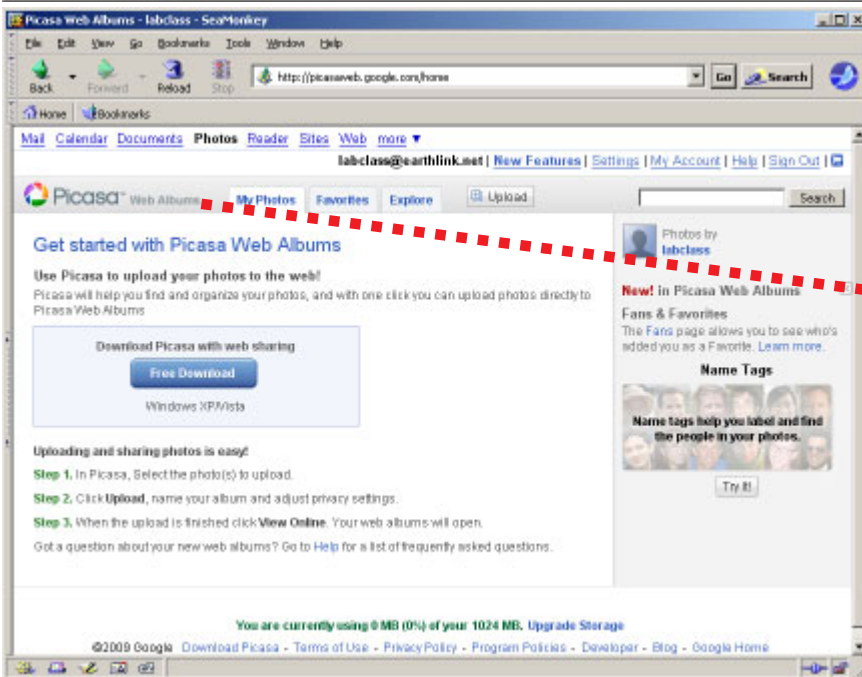

Enter the same password you use when signing in to your Google “My Account” and click “Sign In.”

4. The Google accounts window will open with the “Welcome to Picasa Web Albums” page.

For “Desired Username,” fill in any name that is different from any of the names you used when setting up your blogger account. Click “Check Availability.” If the username is not available, delete it and type a different name. Check the availability again. Continue to type in new names until you find one that is available.

Enter your true first and last names and click “Continue.”

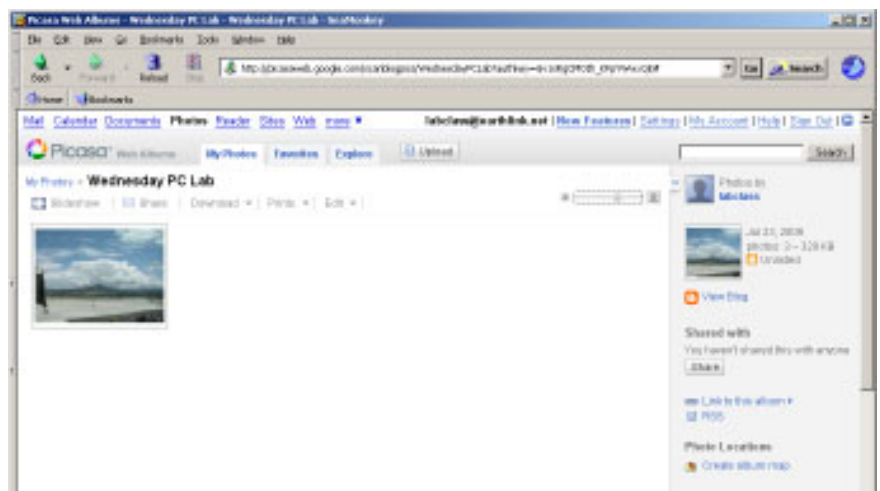

5. The “Picasa Web Albums” page will open. Note the URL is <http://picasaweb.google.com/home>

From here, you can click on “Web Albums” to see the pictures you have uploaded.

Or you can click on “My Account” in the upper right corner. This will take you back to the “More Google Products” page where you can click on “Blogger” and go to your blog.

6. If you click on “Web Albums”, your “Picasa Web Albums” page will open displaying the pictures you have uploaded for your blog. It will be similar to my page on the right. You can manage your pictures from this window, create albums and slide shows, or delete photos as desired.
